MINEX
Small in size, big in performance

HOW TO SQUEEZE THE BEST JUICE?

Experts agree: To improve fresh orange juice, you must improve the squeezing process.

Stylish and compact. It fits easily in any space and business decor.

Thanks to its integrated jar and anti-drip tap, you can serve a glass of fresh juice in less than 5 seconds.

Choose the color you prefer and start serving the best juice; pure and freshly squeezed.

Specialy designed for all kinds of foodservice applications, fruit juice shops, healthy food restaurants, self-service restaurants...

Maximum performance in minimum space.

A UNIQUE SQUEEZING SYSTEM

The Minex squeezing system is the most compact, most efficient and cleanest on the market.

All parts are easily removable and can be washed in the dishwasher.

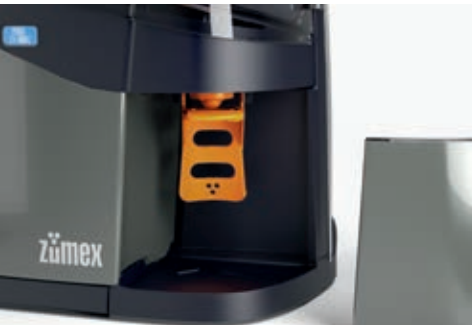

THOSE BIG LITTLE DETAILS...

Everything under control

With just a touch of a button, you can control the activity of the machine or the number of oranges squeezed.

You choose

You can serve the juice using the jar or directly into the glass using the tap.

SMART SAFETY

Its triple safety system protects the user from an accidental opening of the machine in the unlikely event of a machine fault.

PERFORMANCE

Recommended consumption: Moderate (1-20 juices/day). For higher consumption see other Zumex models.
